

### Cosgrove Joins Convularium

Convulariums of California has announced today the appointment of Paul W. Cosgrove as administrator for the new Inglewood Convularium. The Inglewood Convularium is the eleventh convalescent hospital to be operated by Convulariums of California. It is located at 100 S. Hillcrest Blvd. in Inglewood, within walking distance of both the Daniel Freeman and Centinela Valley hospitals.

Cosgrove has 15 years of hospital administration experience. He was administrator of the Cheviot Hills Convularium in Westwood and administrator of the Norwalk Community Hospital.

MRS. K. E. WATTS

### Mrs. Watts Files for Election To Board of Education

Mrs. Kenneth Watts, present vice-chairman of the Torrance Citizens Committee for the South Coast State College, filed yesterday for election to the Board of Education of the Torrance Unified School District.

The election will be held April 16 and voters at the same time will decide on an \$8 million bond issue for the schools.

"I am basing my platform on a strong school board policy without domination by any individual," she said, "a policy of intelligent independent judgment for the benefit of all Torrance children."

Mrs. Watts said she believes public schools are the strongholds of our American democracy, and every activity in which they participate must reflect the best in our heritage of freedom.

"It is not only the right, but the duty of parents to know what is being done in the classrooms," she said, "and to communicate their wishes to school board members so that established policies may reflect the wishes of the people."

Mrs. Watts said she believes the basic skills should be stressed and strengthened continuously. Those skills include, she said, reading, writing and arithmetic, plus spelling, history and geography.

Other points stressed by Mrs. Watts include increased counseling service in high schools and remedial reading.

### Torrance High School Pupils Semi-Finalist in Armco Plan

High school seniors from the Torrance-Los Nietos areas have been named semi-finalists in the Armco Steel Corporation's 1963 Community Scholarship Plan.

From Torrance are: Gerald L. Brady of 2051 W. 235th St., Torrance High School; Richard R. Coulter Jr., of 4606 Paseo de las Tortugas, and Lawrence J. Karr, of 5507 Calle de Arboles, both at South High School.

These semi-finalists were selected from a number of area seniors who took a preliminary aptitude test in October. The test is administered for the College Entrance Examination Board by the Educational Testing Service of Princeton, N.Y.

This marks the fourth year in which Armco has offered a scholarship in the Torrance area. The plan was extended here when National Supply became a part of Armco Steel Corporation.

Winner of the area scholarship will receive \$650 a year to assist for four years of college education. The scholarship is one of 20 which is offered in 14 communities where there are Armco plants.

Gerald L. Brady, of Torrance, was also named as a semi-finalist for another award known as the George M. Verity Memorial Scholarship. This award is given to the son or daughter of an Armco employee who ranks highest in the entire national group of semi-finalists.

The Verity Scholarship has a value of \$1000 for the first year and \$750 for each of the remaining three years.

The final winners will be announced in May.

#### SIGNALING PROPERLY

The simple act of signaling properly will avoid many traffic mishaps. Signals which are given too late to warn other drivers in time cause sudden moves and stops which result in chain reaction accidents, particularly on slippery roads.

### Do Your Glasses Need Adjusting?

Bring them in! If your glasses' frames are "crooked" from ordinary wear or an accidental blow, come in and let us re-fit them for you. We'll be glad to straighten the frames, align the lenses and adjust the nose pieces to restore the original sight correction and comfort. It will take but a few minutes and no appointment is necessary.

## Every day

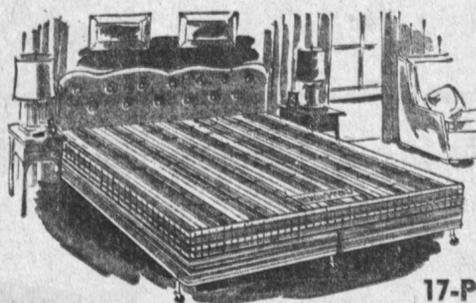

Pacific Telephone puts more than a million dollars to work on construction in California

... helping create thousands of jobs throughout the State. To meet California's growing telephone needs, this program has grown larger year after year (1962 total: \$372 million. Planned for 1963: \$412 million).

Yet phone rates in California are still among the lowest in the country.
